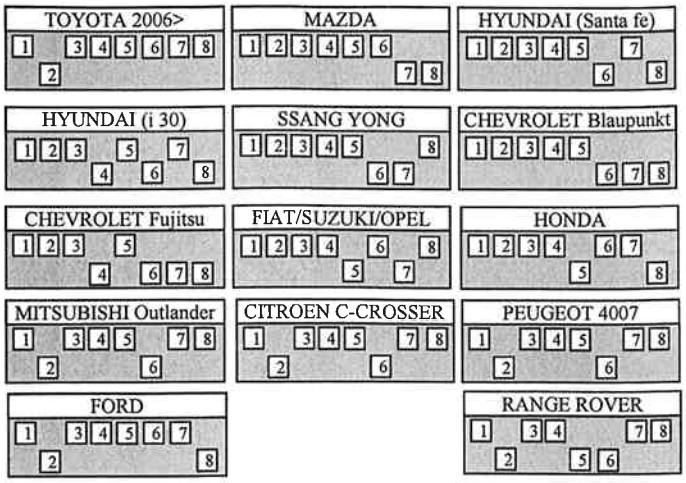
SOFTWARE PROGRAMMING PROCEDURE

Before installing the CTUNIPAR02 interface, you need to set it up according to your car make, in order to use the dedicated software.

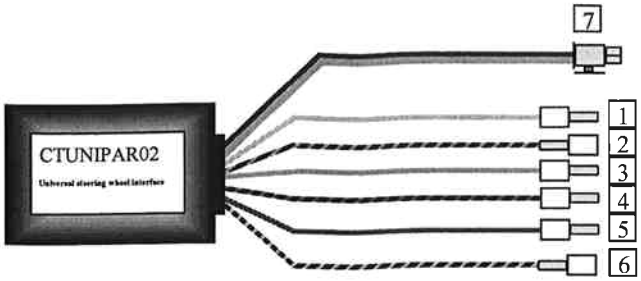


Choosing the hands-free model

If you do not find your car in the list above, you should check other compatibilities and installation manuals on our web site

www.connects2.com

CONNECTIONS



1 YELLOW = MUTE OUT connect to radio MUTE wire
2 PINK/BLACK = BUS 1° out connect to BUS radio **B**
3 PINK = BUS 1° in,connect to BUS car **A**
4 GREEN/BLACK BUS 2° out,connect to BUS 2 radio **B**
5 GREEN = BUS 2° in,connect to BUS car **A**
