

**Caution!**

Due to safety reasons pay attention to the course of existing, also non-visible cables, wires and other components which are situated in the installation area!

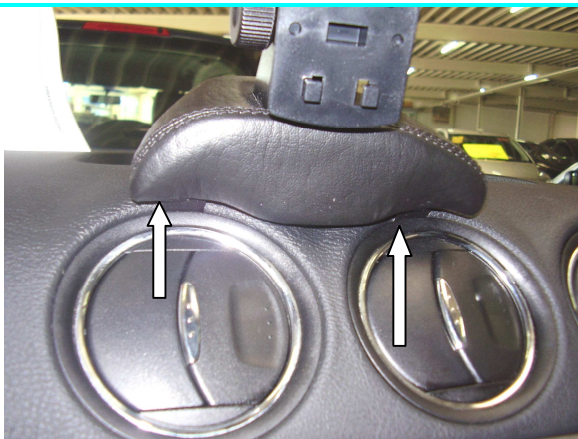

The console and the components are to be installed in such a way that for the passengers no dangers of injury (i.e. by sharp edges) develop.

**Illustration 1:**

- Unscrew the original screw.

**Illustration 2:**

- Remove the storage box and put aside.

**Illustration 3:**

- Place the console on the dashboard and press the right sheet metal of the console (see arrow) into the gap of the air outlet nozzle and the dashboard.
