

**Caution!**

Due to safety reasons pay attention to the course of existing, also non-visible cables, wires and other components which are situated in the installation area!

The console and the components are to be installed in such a way that for the passengers no dangers of injury (i.e. by sharp edges) develop.

**Illustration 1:**

- Open the lid of the storage box above the air outlet nozzles.
- Unscrew the two visible original screws (see arrows) and put them aside.

**Illustration 2:**

- Lift the storage box with a flat object and put aside.

**Illustration 3:**

- Attach the console as shown.
- Push the laminate tab of the console into the left air outlet nozzle.
