

**Caution!**

Due to safety reasons pay attention to the course of existing, also non-visible cables, wires and other components which are situated in the installation area!

The console and the components are to be installed in such a way that for the passengers no dangers of injury (i.e. by sharp edges) develop.

**Illustration 1:**

- Lift the cover panel with a flat object and put aside.

**Illustration 2:**

- Slightly lift the left cover panel with a flat object.

**Illustration 3:**

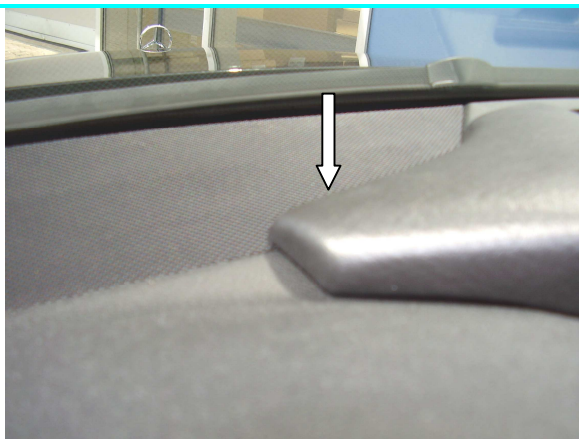

- Carefully lift the air outlets with a flat object.

**Illustration 4:**

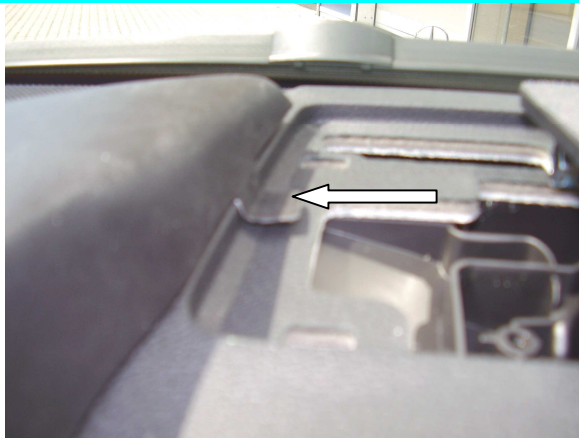

- Unscrew the two original screws (see arrows) and put aside.

**Illustration 5:**

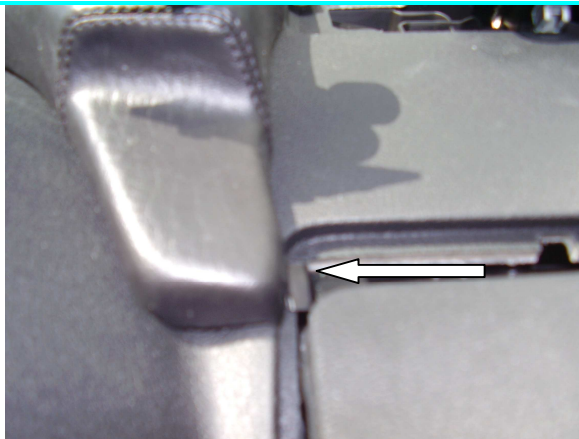

- Slightly pull out the radio display.

**Illustration 6:**

- Attach the console as shown so that the rear sheet metal of the console (see arrow) reaches under the left cover.

**Illustration 7:**

- The right rear sheet metal of the console (see arrow) reaches under the right cover.

**Illustration 8:**

- The right front sheet metal of the console (see arrow) reaches under the radio display.

**Illustration 9:**

- Replace all removed parts.
